

# ALIGN CCUS

Project no 271501, ACT – Accelerating CCS technology

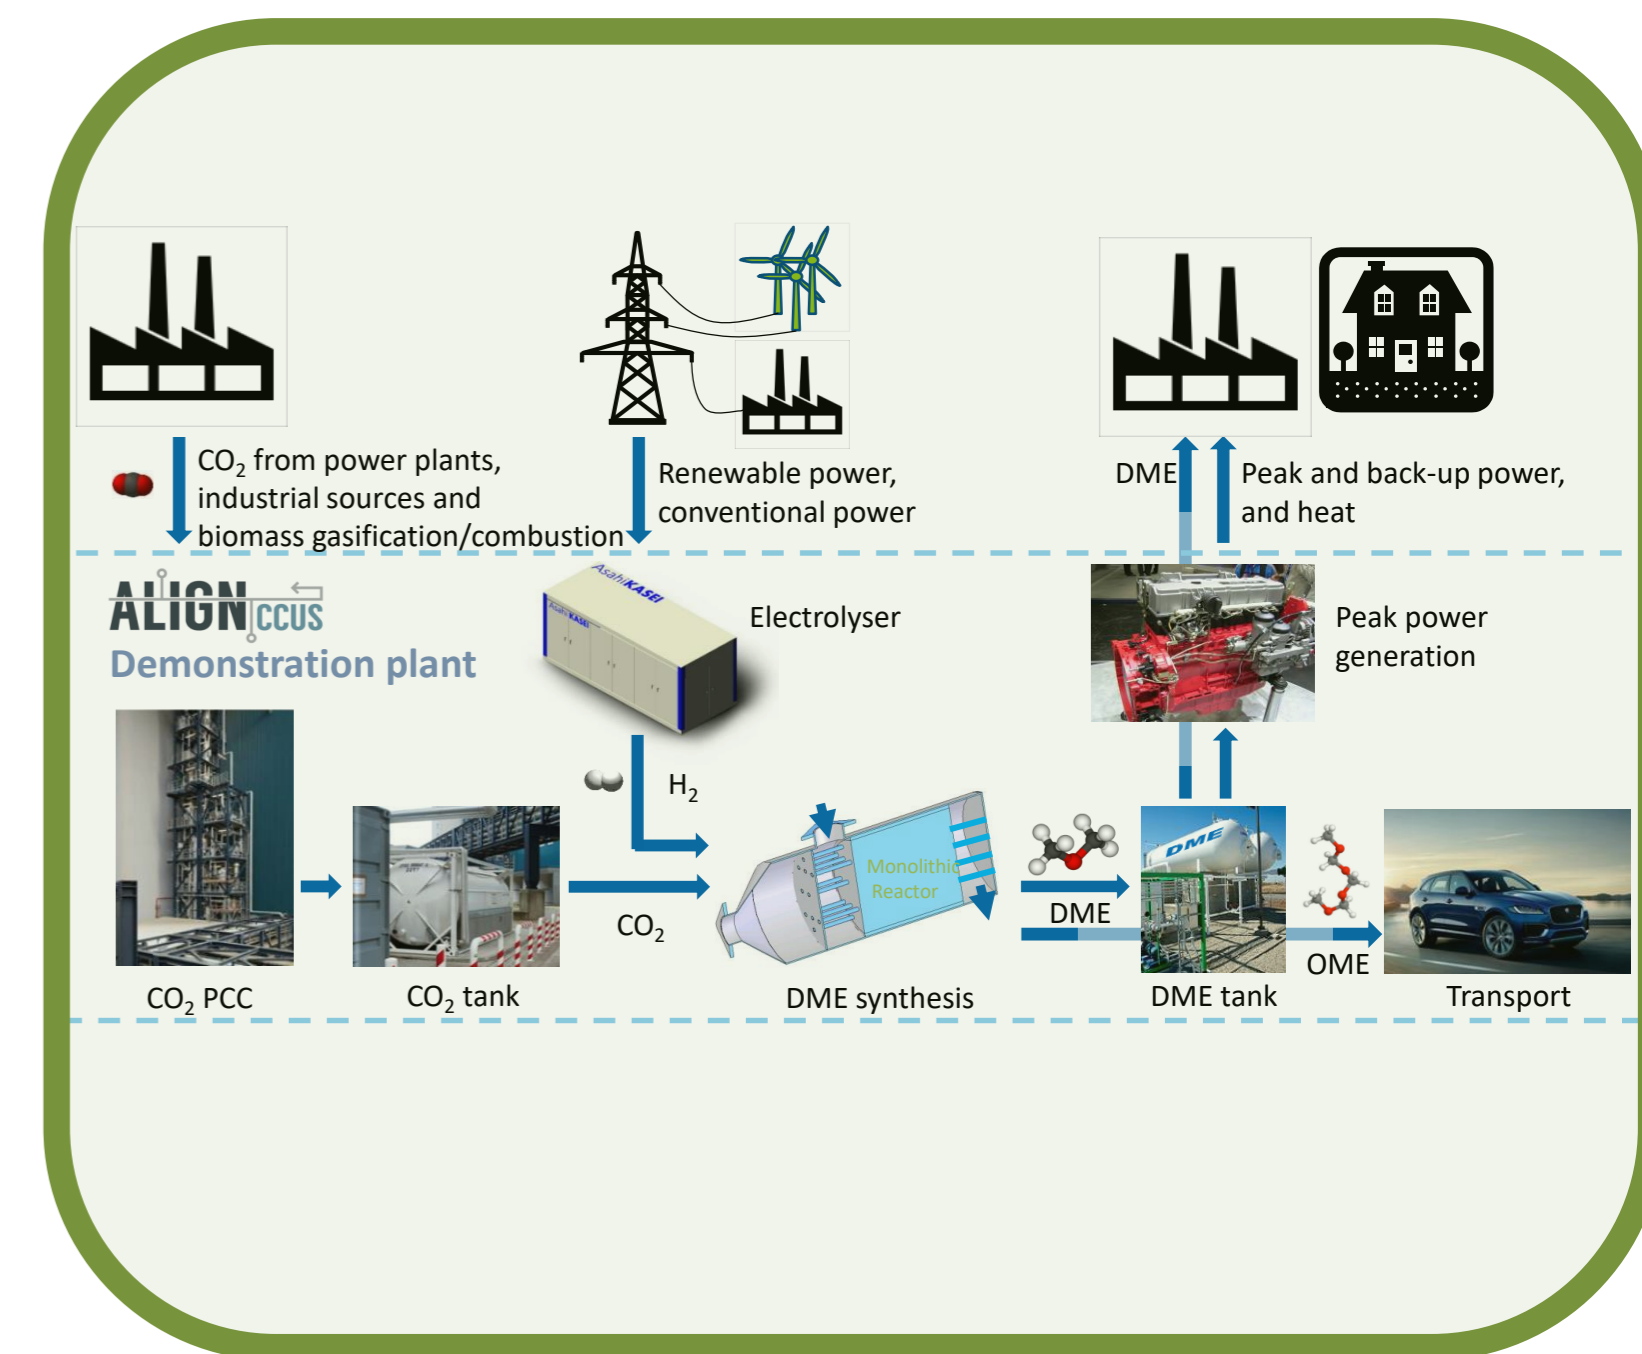

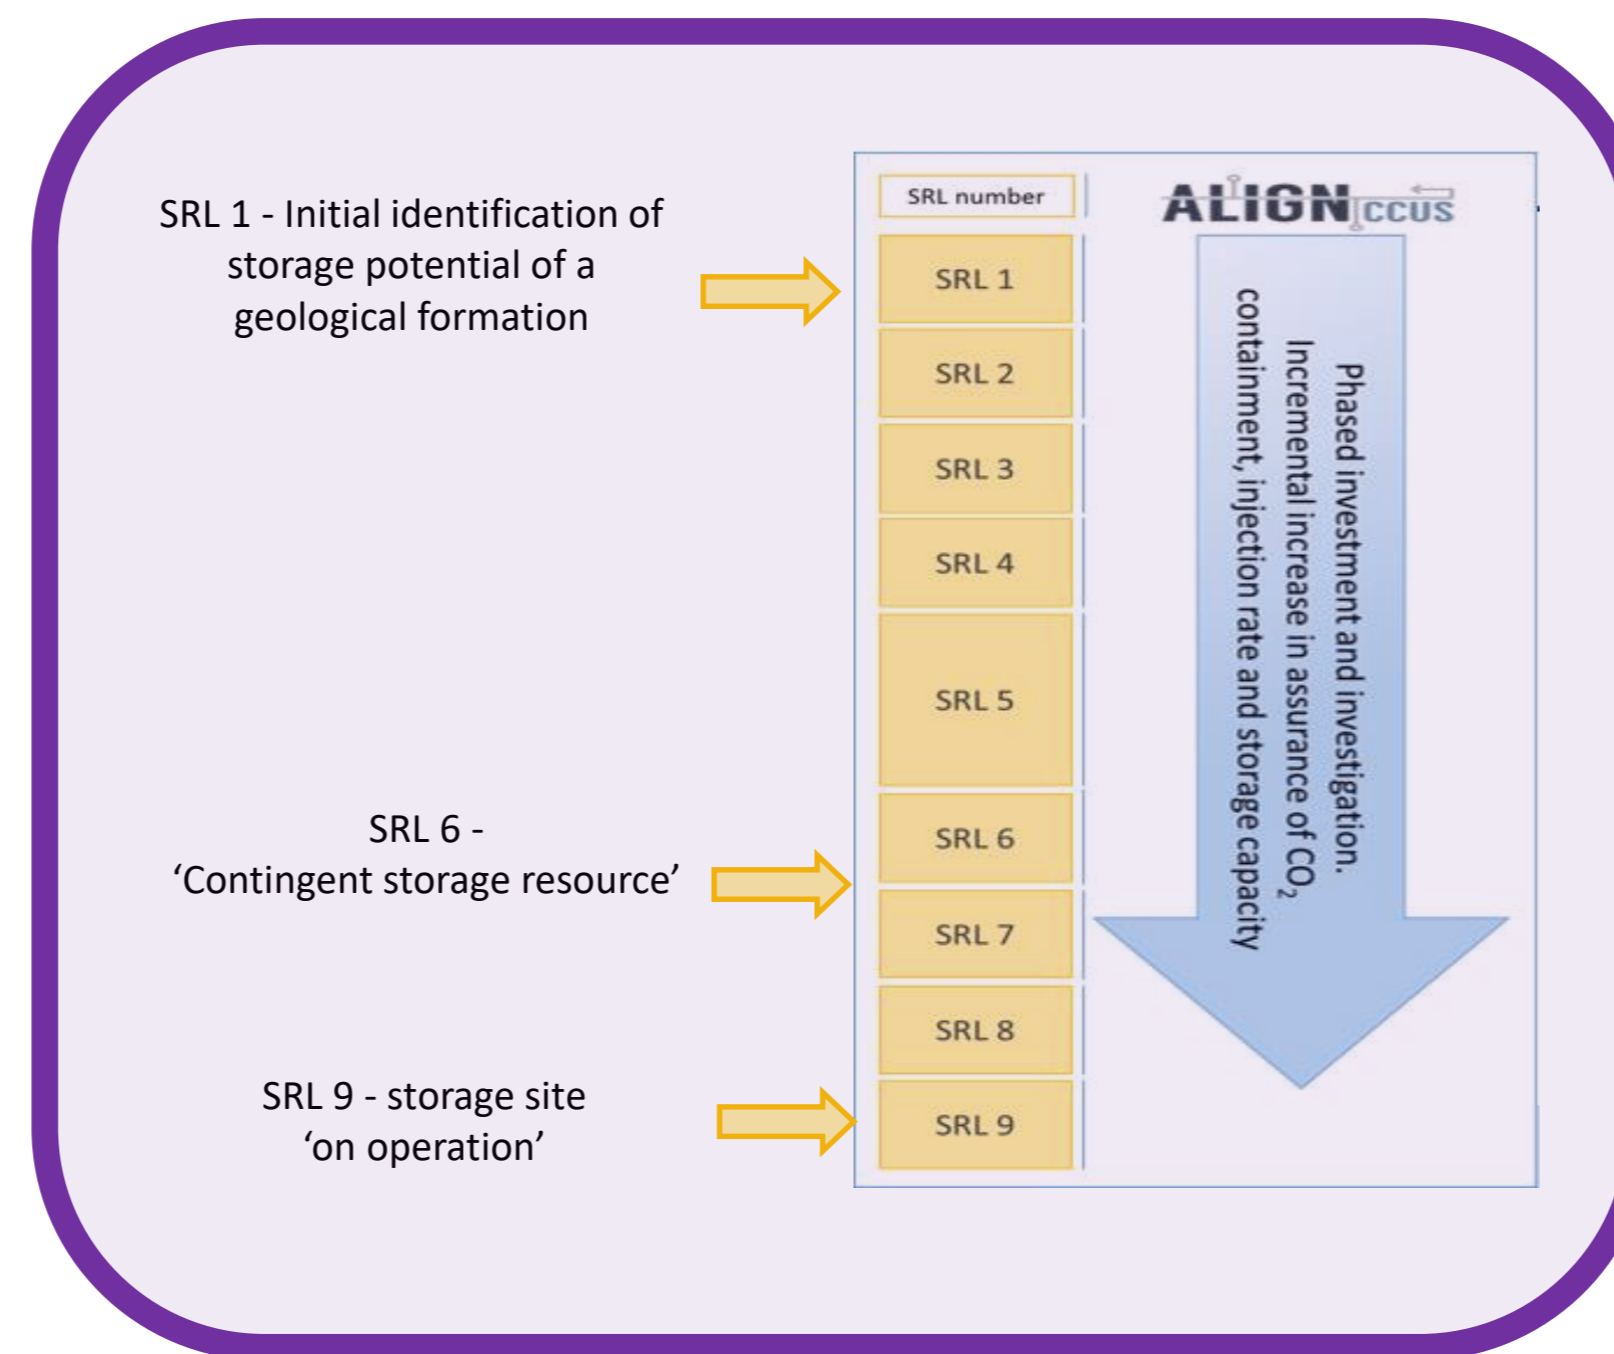

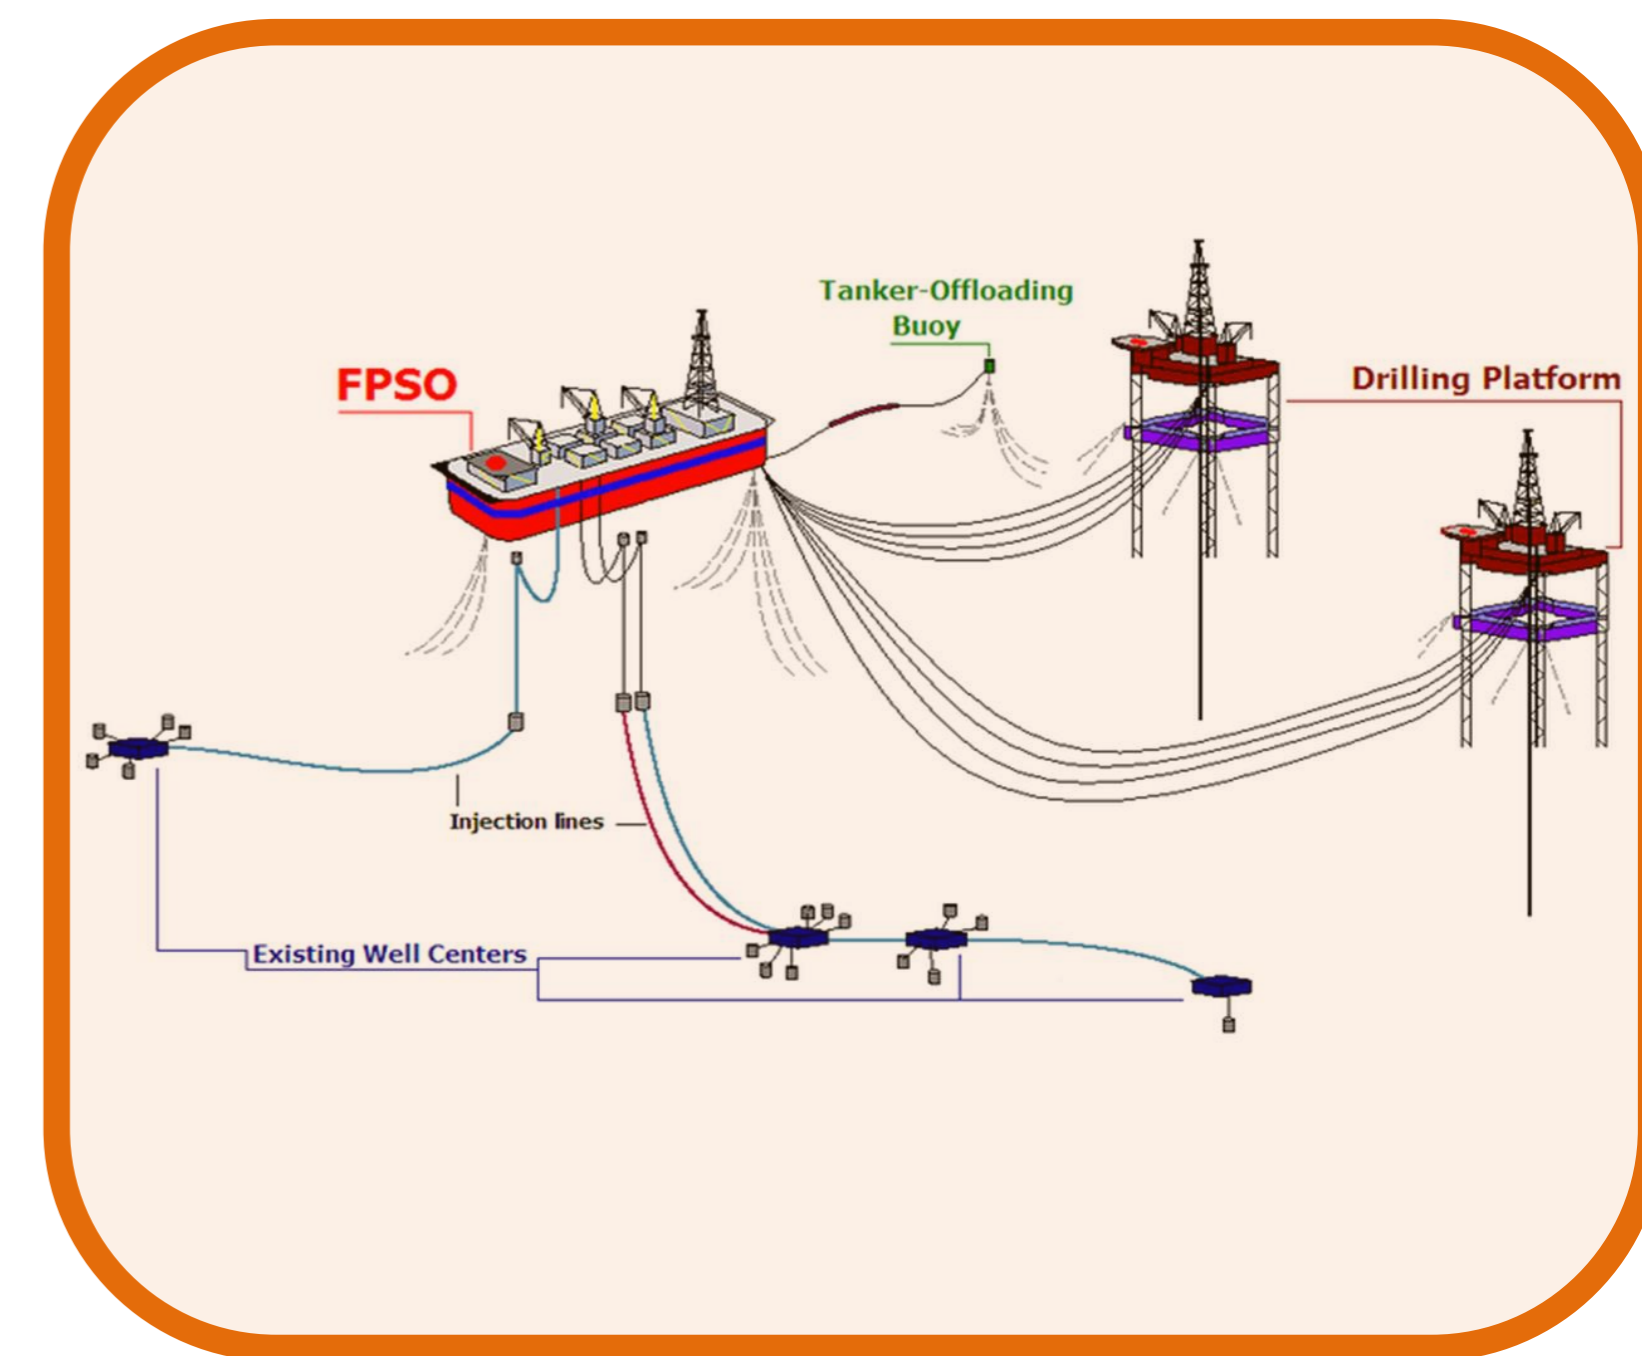

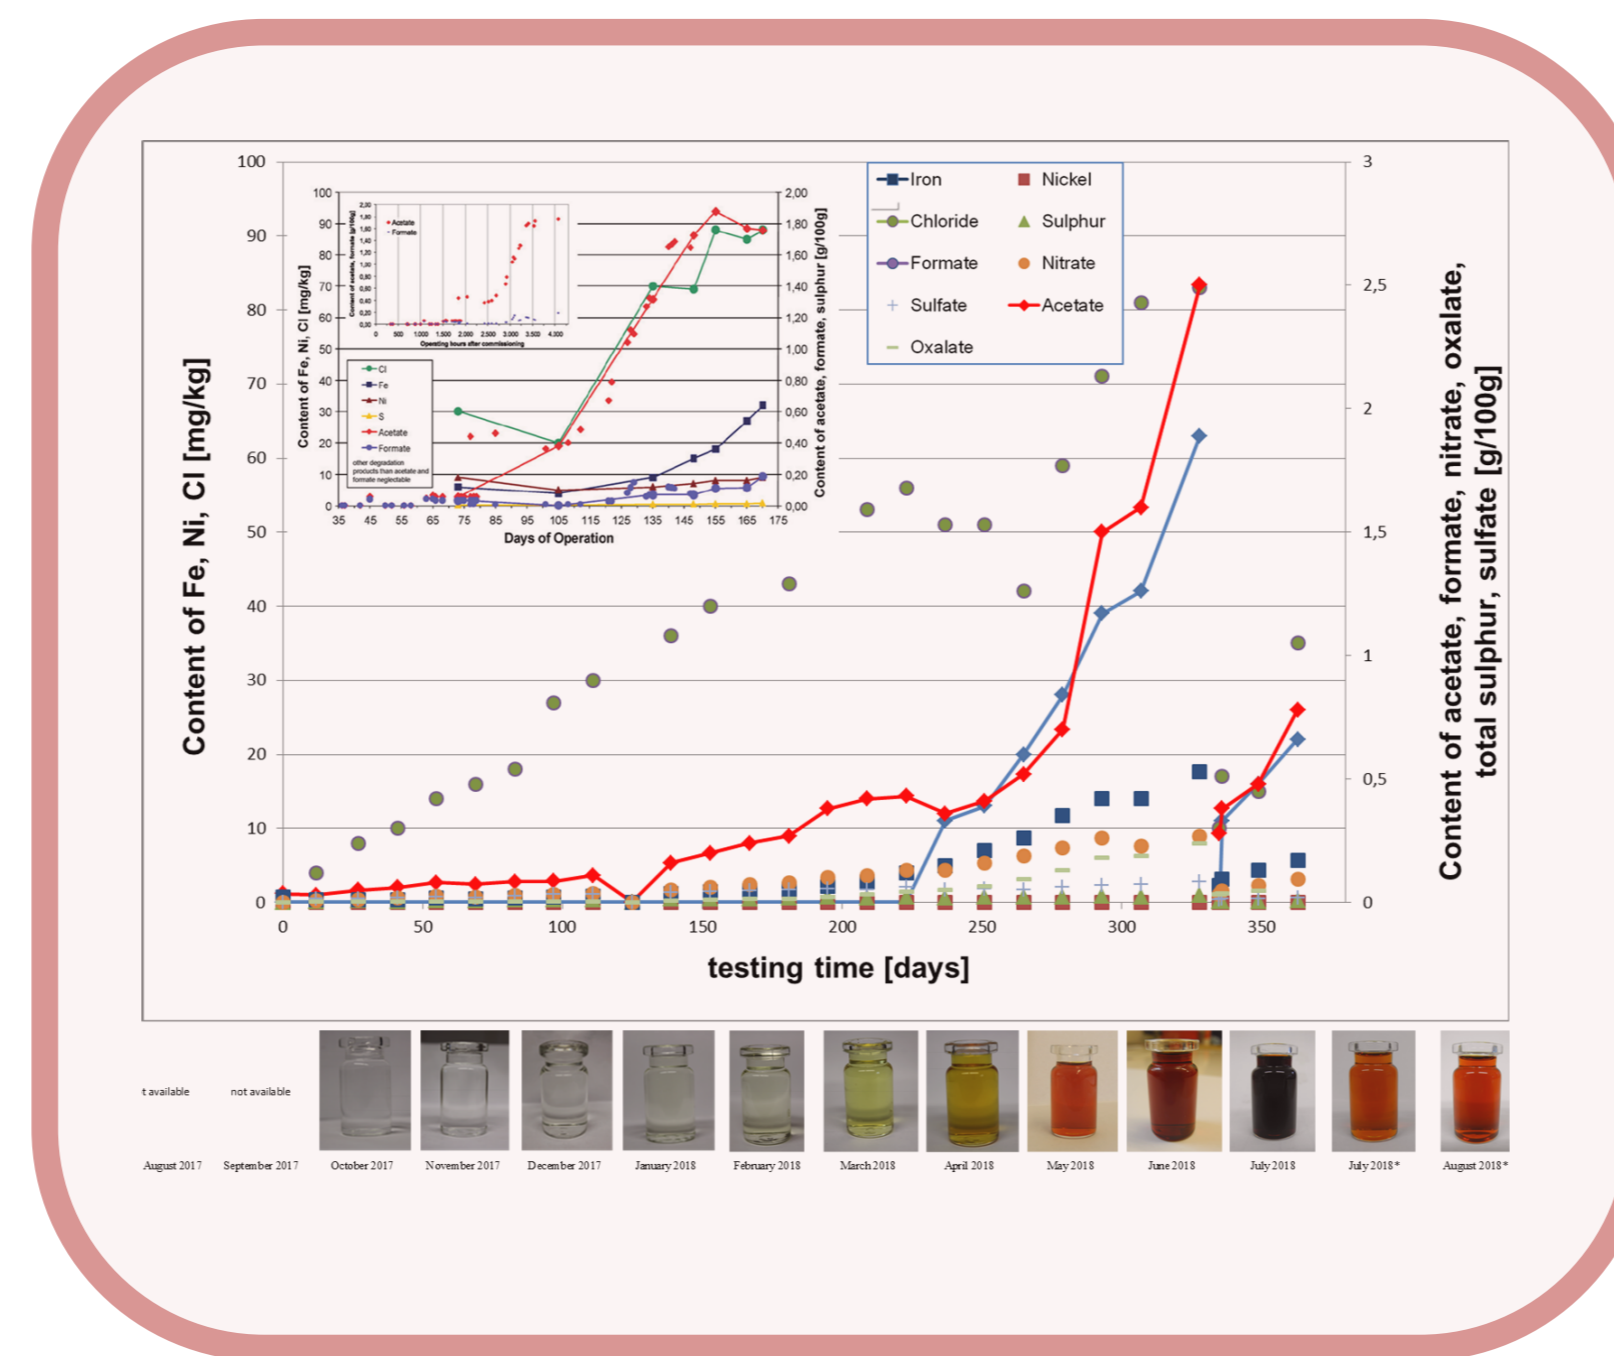

The mission of ALIGN is to de-risk new projects and to prepare for large scale, cost effective, implementation of CCUS.

# Accelerating Low Carbon Industrial Growth through CCUS 'ALIGN-CCUS'

ALIGN-CCUS is a full chain project with a goal to deliver blueprints to de-carbonise industrial clusters in the participating countries and to make those blueprints useful for other clusters too.
